Embassy of India - Qatar

Message

Message

On behalf of ISC, I take the privilege of congratulating VAQ for organizing 9th edition of Football Premier League 2019. This tournament is being considered as an iconic event of the Indian community in promoting Football among them. It is worthwhile to mention that VAQ uses the resources being collected in these tournaments for operating Charitable Medical Centre in their home town in India which deserves a high level of appreciation. We thank VAQ for encouraging their members and other sports lovers to participate in sports and games for having a healthy life. I strongly believe that in recent days , VAQ will lead the Football activities within the Indian community.

Nilangshu Dey
President - ISC

Message

I congratulate Vazhakkad Association Qatar For holding 9th edition football and other sporting events. Such events make the people united and make them come together to enjoy along with improvement of their health as well. Most important thing is the cause for which VAQ is conducting such community events is to provide medical help and other facilities in Kerala to the deserving people over there in the form of dialysis and free medicine supplies. So let me congratulate and wish all the best to VAQ and the people of Qatar and the Indian community in particular. Thank you

M.S Bukhari
Chief Patron -ISC

Message

I would like to congratulate Vazhakkad Association Qatar for organizing 9th edition of VAQ Premier league Football tournament of the Indian community. I strongly support VAQ and their immense works in the field of health care for promoting charity. In the coming future, MBM will be standing with VAQ in all their endeavors and I wish all the success.

Mr. Saeed Mohammed Nazeer
CEO MBM

VAQ Marks History of Community Football in Qatar

VAQ's initiative in creating history as football being an event supplementing values of kindness and social service to expatriate community prior to Qatar World Cup 2022

Vazhakkad Association Qatar had been instrumental in organizing community football aimed at human welfare in the historic land of Qatar where preparations are in full swing to host the first ever World Cup in the Middle East in 2022. Expatriates hailing from Vazhakkad, a small village at the eastern border of Malappuram District to Calicut in Kerala, utilizing their leisure time creatively for welfare and social service after tremendously toiling for their bread because football is their soul. VAQ could not ignore the significance of football in their life as it has enlightened

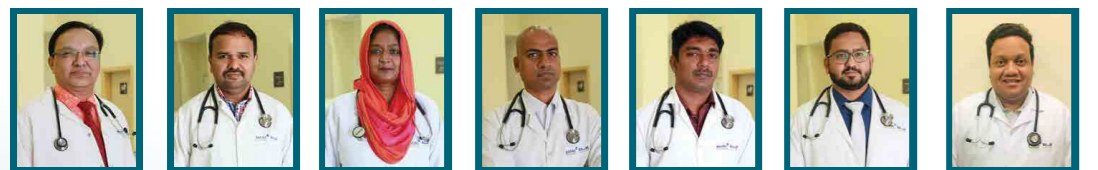

the dreams and hopes of thousands and strengthened their unity and love.

It is a wonderful and unique sight that VAQ being the name and face of kindness and social service with their remarkable initiatives in organizing expatriate football tournaments in Qatar. Doubtlessly, the credit goes to its hardworking and dedicated members. We could not ignore the helping hand offered by Ministry of Interior, Supreme Committee for Delivery and Legacy, Qatar Olympic Committee, Qatar Football Association and the

Socio-Cultural and the Business Community in Qatar and so on. Their support has always encouraged us to move forward. It would be inappropriate if we do not mention the contributions of Indian Sports Center under aegis of Indian Embassy in Qatar in shaping and refining VAQs' social service.

VAQ Football turns Nine

It is a small group of youngsters hailing from Vazhakkad, A village in the Malappuram District of Kerala with full of passion for football. They mark history in Qatar where all the eyes are focused.

The beginning was a Sevens football tournament at Sumayya Independent School eight years ago. Later, the tournament was developed into Elevens the present level of standard being conducted at Doha Stadium with the help and support of Qatar Football Association, Qatar Olympic Committee and Indian Sports Centre. Each and every version of VAQ tournaments become more and more exciting. With the presence of well-known Indian players like IM Vijayan, Asif Zaheer etc.

VAQ was also fortunate to have the wishes of former Spanish and Barcelona

FC legend Xavi Hernandez. The driving force behind the achievement and successful organisation of the tournaments were accomplished with a team of dedicated and enthusiastic volunteers of VAQ.

Support of MBM Transporting Company as the title sponsor of the current version of VAQ tournament adds more zest to us. The whole-hearted encouragement of its CEO Mr. Saeed Mohammed Nazir is a valuable incentive to our journey towards success and fulfilling our cherished goals. It is our luck to have the full support of football officials and lovers in Qatar and above all, the wonderful spectators and supporters from various expatriate community in the past and in the tournaments to come. Thanking the Almighty for his help in all our endeavours.

VAQ Medical Shop

As a feather touch of consolation for poor patients, VAQ Medical Shop was launched in May 2012. Our main source was the monthly donation of VAQ members who are very limited in number. But, we kept providing free medicines to poor patients. When the demand increased we decided to build a medical shop in order to make medicines available on subsidized prices. Many are receiving their medicines free of cost. The leading business figure in Qatar

Mr. Mohammed Eissa inaugurated the medical shop. A reduction of 10% to 30% is given to the public. Our next project is establishing a branch of this medical shop in the nearby vibrant commercial town, Edavannapara.

VAQ Dialysis Centre

VVAQ is always thinking and acting in a different way. Our Dialysis Centre has become a hub of humanity and compassion for our fellow countrymen. The center was inaugurated by then Chief Minister Mr. Oommen Chandy consists of 10 dialysis units. 10026 dialysis has been completed till now. Currently, we have 27 patients of renal failure who receive this service. But, number of such patients are increasing terribly. We are able to provide this benevolent service with the resource collection made by our supporting committee in the area.

Our Dream

We are lucky to have the noble gesture of Dr. Mohammed Kutty Koyappathody's family with us who donated his property to the center as a recognition of its service to the humanity. We are now dreaming of a building which is capable of covering the facilities we have envisaged and to meet the expenditures of the services offered by VAQ. By achieving this goal VAQ will become a center of humanitarian activities in Vazhakkad and the surrounding area.

Walk with VAQ

Walk with VAQ is an awareness campaign for qualitative and healthy life. Many health awareness programmes are conducted for making people aware of the life style diseases and other dangers due to the lack of proper health guidance. Walkathon was the highlight of this campaign

Football and Philanthropy

During these days of recession, an effervescent group of youngsters from Vazhakkad, working and residing in Qatar had been incredibly constructive and creative in social service. Undeniably, Vazhakkad Association Qatar (VAQ), had taken substantial efforts in cultural and social activities over a decade in this blessed land, passionately. It is not just a game; it's where they

capitalized to accumulate financial support for charitable projects. People from Vazhakkad had reached in this great nation during seventies of the last century seeking jobs for their livelihood. VAQ had directed them in being united beyond geographical frontiers. They loved football, Arts and Sports together with social work and worked solidly regardless of their religious and social disparities to do something for

the sake of the society. That was the beginning of VAQ in Qatar.

Many people in and across Vazhakkad are the victims of environmental pollution created by Birla Grasim factory of Mavoor, the neighborhood village.

Several people among them are patients of chronic diseases. VAQ distributes medicines for the needy people. Nearly 300 patients are the beneficiaries of this charity programme. A medical shop with the availability of all types of medicines was set up by VAQ as they saw a huge increase in the number of stakeholders.

The medical shop is functioning smoothly by giving very attractive reduction to the deserving patients.

Due to unhealthy and junk food habits, there had been an intimidating increase in the number diabetic patients and life style diseases had been common. It was then VAQ came with their most diligent achievement in their prolific social service career in 2015. A dialysis center for the poor, inaugurated by then Kerala Chief Minister Mr. Oommen Chandy. The centre is offering free dialysis for about 30 deserving patients. A support committee was formed to look after the day-to-day matters of the centre which has enormous support and blessings of the locals. On 19th November 2018, we conducted an one-day popular donation campaign for raising resources

in Vazhakkad area and the response from the public was incredible. Our services were further recognized by a great philanthropist, Dr. Mohammed Kutty Koyappathodi who donated his property for building its own dialysis center. We are coming closer to reality of this dream project
